

November 4, 2021

Dear Residents and Families, Devoted Staff, Association Jeanne Jugan and Volunteers,

We are advancing in our reopening process since all our tests for Residents and Staff have been negative for the last 2 weeks

- Visitations
 - Due to renovations that will begin shortly, we need to relocate the indoor visitation area to the auditorium. The two outdoor entrances to the auditorium will be used by visitors to enter/leave.
 - Visitations will be scheduled with Raj, Activities Director.
- Holidays
 - We would like for all Residents who want to visit with their families during the holidays to be able to do so with some creative planning.
 - This will have to take place:
 - Limitations on the number of Residents out of the building daily will be limited due to elevated levels of the COVID-19 variant still a concern, although levels have been decreasing 😊.
 - The family gathering could take place on alternative dates (days).
 - Other than the actual holiday.
 - We recommend On-line Holiday Shopping for the Residents.
 - Residents Accounts will assist those Residents without debit/credit cards
 - We are looking into having a shopping event here in the home.
- Volunteers are encouraged to return, welcome back, we would be happy to have your help.

Thank God for the good news, everyone has worked hard to get to this point. The Residents have been very generous and Staff have been heroic in their efforts to keep the Residents safe.

HAPPY THANKSGIVING!!

We have been favored with God's gracious love and mercy.

Mother Margaret and the Little Sisters
