

April 22, 2022

Dear Family and Friends,

Welcome Spring! The weather is beautiful, and the Residents have been enjoying some quality time outside this week. Our Residents and activities department are very excited about the new additions to the regularly scheduled programs.

Unfortunately, testing of staff recently resulted in one new positive case. Two volunteers graciously informed us that they had also tested positive. While, an outbreak status is disappointing to us, we are grateful that our Residents are vaccinated and boosted.

As we celebrate Easter, let us keep in mind the hope, wonder and transformation that Jesus will continue to bring into our world. We appreciate your support and continued cooperation during this time and continue to offer our best wishes for a wonderful and safe spring.

With blessings,

Mother Mary Michael
